

Nightfair Before Christmas

7 and 8 Dec 2007

APPLICATION PROPOSAL

Dear Applicants,

Nightfair Before Christmas will showcase Oxford's best emerging artists and art students, as well as a selection of special invited guest artists. It will take place over a full night and day, reinventing Gloucester Green market stalls into a temporary exhibition space for contemporary and live art.

This is an opportunity for you to showcase your work in a professional, but fun environment and get your work seen by a large, diverse audience.

Think carefully about the arrangement of your space, how it will be viewed and how you will capture the visitors' imaginations. Push the boundaries of what the space can offer. Interact with the audience. Be ambitious; make your stall space stand out. All suggestions welcome!

Artists working in any medium are welcome to apply. Electricity can be supplied for those who need it for their installations, for example, film and video projection, music, new media technologies, interactive works. Please note that the stall does not have to have a table top, so can effectively become three walls. Artists are welcome to collaborate on a stall, and can sell whatever they exhibit.

If you don't wish to use a stall space there will be area available for live performances.

The event takes place on the evening of 7 December, 7-11pm and day of 8 December, 11am-4pm.

All applicants are welcome to make appointments to discuss their ideas with Projects Manager, Sophie Williamson.

Deadline for proposals: Wednesday 28th November. Proposals will start to be selected before this deadline so we encourage you to apply early.

We look forward to hearing from you.

Best wishes,

OVADA
